

New York Life Premier Variable Annuity - FP Series Performance Summary
Premium Based M&E Charge Structure
As of March 31, 2025

Performance data quoted represents past performance. Past performance is no guarantee of future results. Due to market volatility, current performance may be lower or higher than the figures shown. The investment return and the Accumulation Value of your policy will fluctuate so that a policy, when surrendered may be worth more or less than the premium payment(s). For current to the most recent month-end performance information, please call 1-800-762-6212 or visit www.newyorklifeannuities.com.

All performance reflects the percentage change for the period shown, with capital gains and dividends reinvested and includes the Fund Company Expenses. An Annual Policy Service Charge of \$30 is not included in these charges, but will be deducted each year from the policy's Accumulation Value on the policy anniversary and upon surrender if on that date the Accumulation Value is less than \$100,000. The performance shown, therefore, would be slightly lower if your policy's Accumulation Value is less than \$100,000. Charges for any optional riders, if reflected, would reduce the performance shown.

Non-Standardized Performance ("Assuming No Surrender") does not reflect the deduction of Surrender Charges.

Standardized Performance ("Assuming Surrender") reflects the maximum Surrender Charge under the policy. The maximum Surrender Charge for each premium payment is 8%, declining to 2% by the 7th year after that premium payment has been in the policy, with no surrender charge thereafter. Therefore, the 1.30% M&E charge during the surrender charge period for the initial premium and 1.10% after the surrender charge period for the initial premium is not reflected in the performance of the Investment Divisions, but will be deducted quarterly by reducing the number of Accumulation Units in the Investment Divisions you have selected.

Withdrawals and surrenders may be taxable transactions, and prior to age 59½, may be subject to a 10% IRS penalty.

The Investment Divisions offered through the New York Life Premier Variable Annuity - FP Series and described herein are different from mutual funds that may have similar names but are available directly to the general public. Investment results may differ.

In most jurisdictions, the policy form number for the New York Life Premier Variable Annuity - FP Series is ICC17V-P01

New York Life Premier Variable Annuity - FP Series Performance Summary

Premium Based M&E Charge Structure

As of March 31, 2025

To obtain a copy of the product and funds prospectuses, please contact your Registered Representative or call 1-800-762-6212. Investors are asked to consider the investment objectives, risks, charges and expenses of the investment carefully before investing. Both the product prospectus and the underlying fund prospectuses contain this and other information about the product and underlying investment options. Please read the prospectuses carefully before investing.

¹ The performance shown is for the indicated classes/shares only. These classes/shares impose a 12b-1 fee (except NYLI VP U.S. Government Money Market and

NYLI VP Natural Resources – Initial Class). Performance for these classes/shares is lower than the returns for those classes/shares that do not impose a 12b-1 fee. Contact your Registered Representative or call 1-800-762-6212 for more information. Investment Division Inception Date is the date in which the Investment Division is first offered in the product. Portfolio Inception Date is the date that the Portfolio in which the Investment Division invests was first offered.

² Assumes no deduction for contingent deferred sales charge.

³ Policy owners need to keep in mind, as applicable, that equity investments have been volatile historically. Investment options concentrated in bonds fluctuate in value in response to changes in interest rates. High-yield securities are generally considered speculative because they present a greater risk of loss than higher-quality debt securities and may be subject to greater price volatility. Non-US securities are subject to currency fluctuation risks and the risks of political and economic instability in the country of issuance. Investment options which are concentrated in economic sectors may be more volatile than more broadly diversified portfolios.

While there is no standard definition, generally “alternative” funds include nontraditional asset classes or strategies and/or illiquid assets. Alternative investments are speculative, can carry substantial risk, and may not be appropriate for all investors. For those investors who are able to bear greater risk in return for the opportunity they provide, alternative investments may be appropriate.

⁴ The New York Life Premier Variable Annuity - FP Series was first offered for sale on November 20, 2017. Certain Portfolios existed prior to that date. The performance for NYLI VP Series Fund, Inc. portfolios are based on Initial Class Portfolio Inception Date (where applicable). The performance for all other investment divisions is based on the Portfolio Inception Date reflected in this performance summary. All performance has been modified to reflect Separate Account and Fund annual expenses as if the policy had been available during the periods shown. The New York Life Premier Variable Annuity - FP Series Premium Based M&E Charge Structure differs from many other variable annuity policies in that the Mortality and Expense Risk and Administrative Costs Charge (M&E) is calculated as a percentage of your Adjusted Premium Payments under the policy (excluding premiums allocated to the Fixed Account), rather than as percentage of Separate Account assets. Since market performance is reflected through fluctuations in the value of an Accumulation Unit, owning fewer Accumulation Units over time will result in a gradual reduction in the value of the Policy, regardless of market performance, when compared to the result of a traditional charge structure. Please refer to your prospectus for more details. This version of the New York Life Premier Variable Annuity - FP Series invests in the New York Life Insurance and Annuity Corporation (NYLIAC) Separate Account IV.

⁵ The S&P 500 Index is an unmanaged index and is widely regarded as the standard for measuring Large-Cap U.S. stock market performance. “S&P 500” is a trademark of the McGraw-Hill Companies, Inc. and has been licensed for use by the NYLI VP S&P 500 Index Portfolio. The NYLI VP S&P 500 Index Portfolio is not sponsored, endorsed, sold or promoted by Standard & Poor’s and Standard and Poor’s makes no representation regarding the advisability of investing in the NYLI VP S&P 500 Index Portfolio. Investors cannot invest directly in an Index.

⁶ An Investment in the NYLI VP U.S. Government Money Market Portfolio is neither insured nor guaranteed by the Federal Deposit Insurance Corporation

or any other government agency and there can be no assurance that the Portfolio will be able to maintain a stable net asset value. Although the Portfolio seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the Portfolio. The current yield more closely reflects the Portfolio’s earnings than the total return figures shown. The fund’s sponsor has no legal obligation to provide financial support to the fund, and you should not expect that the sponsor will provide financial support to the fund at any time.

⁷ New allocations to the Columbia Variable Portfolio - Commodity Strategy Investment Division will not be accepted from Policyowners who were not invested in the Investment Division on November 23, 2020. For existing Policyowners, if you remove all of your Accumulation Value from this Investment Division on or after November 23, 2020, you will not be able to reinvest in this Investment Division.

Historically, certain fees have been assumed or reduced by some of the portfolios. Had these expenses not been assumed or reduced, the total return for these Investment Divisions would have been lower.

This material is general in nature and is being provided for informational purposes only. It was not prepared, and is not intended, to address the needs, circumstances and/or objectives of any specific individual or group of individuals. New York Life and its affiliates are not making a recommendation to purchase any specific products. For advice regarding your personal circumstances, you should consult with your own independent financial and tax professionals. There are fees, guidelines, risks, restrictions and limitations to consider when purchasing variable annuities. For costs and complete details, contact a financial professional.

Performance information less than 1 year has not been annualized.

Variable annuities are long-term retirement products and are offered through properly licensed registered representatives of a third party registered broker dealer.

Investments and insurance products are:
Not FDIC/NCUA Insured • Not Insured by Any Federal Government Agency • Not a Deposit
or Other Obligation of, or Guaranteed by, the Bank or Any of Its Affiliates • May Lose Value

Please read the important disclosures below regarding the product performance.

New York Life Premier Variable Annuity - FP Series Performance Summary

Premium Based M&E Charge Structure

As of March 31, 2025

To obtain a copy of the product and funds prospectuses, please contact your Registered Representative or call 1-800-762-6212. Investors are asked to consider the investment objectives, risks, charges and expenses of the investment carefully before investing. Both the product prospectus and the underlying fund prospectuses contain this and other information about the product and underlying investment options. Please read the prospectuses carefully before investing.

¹ The performance shown is for the indicated classes/shares only. These classes/shares impose a 12b-1 fee (except NYLI VP U.S. Government Money Market and

NYLI VP Natural Resources – Initial Class). Performance for these classes/shares is lower than the returns for those classes/shares that do not impose a 12b-1 fee. Contact your Registered Representative or call 1-800-762-6212 for more information. Investment Division Inception Date is the date in which the Investment Division is first offered in the product. Portfolio Inception Date is the date that the Portfolio in which the Investment Division invests was first offered.

² Assumes no deduction for contingent deferred sales charge.

³ Policy owners need to keep in mind, as applicable, that equity investments have been volatile historically. Investment options concentrated in bonds fluctuate in value in response to changes in interest rates. High-yield securities are generally considered speculative because they present a greater risk of loss than higher-quality debt securities and may be subject to greater price volatility. Non-US securities are subject to currency fluctuation risks and the risks of political and economic instability in the country of issuance. Investment options which are concentrated in economic sectors may be more volatile than more broadly diversified portfolios.

While there is no standard definition, generally “alternative” funds include nontraditional asset classes or strategies and/or illiquid assets. Alternative investments are speculative, can carry substantial risk, and may not be appropriate for all investors. For those investors who are able to bear greater risk in return for the opportunity they provide, alternative investments may be appropriate.

⁴ The New York Life Premier Variable Annuity - FP Series was first offered for sale on November 20, 2017. Certain Portfolios existed prior to that date. The performance for NYLI VP Series Fund, Inc. portfolios are based on Initial Class Portfolio Inception Date (where applicable). The performance for all other investment divisions is based on the Portfolio Inception Date reflected in this performance summary. All performance has been modified to reflect Separate Account and Fund annual expenses as if the policy had been available during the periods shown. The New York Life Premier Variable Annuity - FP Series Premium Based M&E Charge Structure differs from many other variable annuity policies in that the Mortality and Expense Risk and Administrative Costs Charge (M&E) is calculated as a percentage of your Adjusted Premium Payments under the policy (excluding premiums allocated to the Fixed Account), rather than as percentage of Separate Account assets. Since market performance is reflected through fluctuations in the value of an Accumulation Unit, owning fewer Accumulation Units over time will result in a gradual reduction in the value of the Policy, regardless of market performance, when compared to the result of a traditional charge structure. Please refer to your prospectus for more details. This version of the New York Life Premier Variable Annuity - FP Series invests in the New York Life Insurance and Annuity Corporation (NYLIAC) Separate Account IV.

⁵ The S&P 500 Index is an unmanaged index and is widely regarded as the standard for measuring Large-Cap U.S. stock market performance. “S&P 500” is a trademark of the McGraw-Hill Companies, Inc. and has been licensed for use by the NYLI VP S&P 500 Index Portfolio. The NYLI VP S&P 500 Index Portfolio is not sponsored, endorsed, sold or promoted by Standard & Poor’s and Standard and Poor’s makes no representation regarding the advisability of investing in the NYLI VP S&P 500 Index Portfolio. Investors cannot invest directly in an Index.

⁶ An Investment in the NYLI VP U.S. Government Money Market Portfolio is neither insured nor guaranteed by the Federal Deposit Insurance Corporation

or any other government agency and there can be no assurance that the Portfolio will be able to maintain a stable net asset value. Although the Portfolio seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the Portfolio. The current yield more closely reflects the Portfolio’s earnings than the total return figures shown. The fund’s sponsor has no legal obligation to provide financial support to the fund, and you should not expect that the sponsor will provide financial support to the fund at any time.

⁷ New allocations to the Columbia Variable Portfolio - Commodity Strategy Investment Division will not be accepted from Policyowners who were not invested in the Investment Division on November 23, 2020. For existing Policyowners, if you remove all of your Accumulation Value from this Investment Division on or after November 23, 2020, you will not be able to reinvest in this Investment Division.

Historically, certain fees have been assumed or reduced by some of the portfolios. Had these expenses not been assumed or reduced, the total return for these Investment Divisions would have been lower.

This material is general in nature and is being provided for informational purposes only. It was not prepared, and is not intended, to address the needs, circumstances and/or objectives of any specific individual or group of individuals. New York Life and its affiliates are not making a recommendation to purchase any specific products. For advice regarding your personal circumstances, you should consult with your own independent financial and tax professionals. There are fees, guidelines, risks, restrictions and limitations to consider when purchasing variable annuities. For costs and complete details, contact a financial professional.

Performance information less than 1 year has not been annualized.

Variable annuities are long-term retirement products and are offered through properly licensed registered representatives of a third party registered broker dealer.
